

NIGHTFALL EMPIRE - TECHRIDER (english)

STAGEPLAN:

Power supply with at least 6 multiple plugs each (230 V AC)

Vocal microphone stand

Signal to FoH via splitter box (Midas DN4816-O). Three possible routes:

1. 16x XLR out (s. CONNECTIONS/EQUIPMENT)
2. 1x Ultranet
3. 1x StageCONNECT

LIGHTING:

Stage lighting to illuminate the band in a flexibly adjustable uniform color is required! If this is not possible, please let us know in advance!

MONITORING:

The entire band uses its own in-ear system. Mixing and control is handled by the band itself and has no influence on the FoH mix!

IMPORTANT: We assume that all microphones and stands can be provided (they do not have to be identical to the equipment listed). If this is not possible, please let us know in advance. In this case, we will provide the equipment listed. **We will provide the two wireless vocal microphones in any case!**

The equipment listed is based on "extreme cases." Depending on the size of the venue, more or fewer microphones may be sufficient. If we provide the equipment, we reserve the right to adjust the number of microphones to the size of the venue and, if necessary, to bring fewer microphones than specified.

AUDIOMATERIAL:

Our show begins with an intro. We can provide this via USB stick (USB-A), cell phone (USB-C), and laptop. Please ensure that playback is possible.

THANK YOU! We are looking forward to an awesome show!!
